SUMMARY

B. Tech student specializing in artificial intelligence and data science, with a solid foundation in web development and programming. Demonstrates strong problem-solving skills and a passion for developing innovative solutions. Quick learner with analytical thinking, teamwork, and communication abilities, actively seeking industry experience to contribute to organizational growth. Committed to driving success through collaboration and a proactive approach to challenges.

PROFESSIONAL EXPERIENCE

Nxtlogic, *Artificial Intelligence & Machine Learning Intern* 12/2025 – 12/2025
Coimbatore, Tamil Nadu

- Implemented advanced algorithms and feature engineering techniques to boost model performance.
- Optimized machine learning models through hyperparameter tuning, reducing training time and enhancing accuracy.
- Evaluated algorithm performance on benchmark datasets, informing project-specific algorithm selections.
- Shared best practices in machine learning development, enhancing team collaboration and project outcomes.

EDUCATION

Coimbatore Institute of Engineering And Technology, 09/2023 – Present
B.Tech - Artificial Intelligence and Data Science Coimbatore Tamil Nadu
CGPA - 8.21

Vidhya Vikas Matric Hr. Sec. School, *12th* 07/2022 – 04/2023
Krishnagiri, Tamil Nadu
Percentage: 81%

Vidhya Vikas Matric Hr. Sec. School, *10th* 07/2020 – 04/2021
Krishnagiri, Tamil Nadu
Percentage : pass

SKILLS

Python programming | Front-end development | Bootstrap framework | Git proficiency |
Machine learning | HTML | SQL | C

LANGUAGES

Tamil | English

COURSES

Front-end, *Nxtwave*

02/2024 – Present

Completed Front-End Development training from NxtWave, gaining hands-on experience in HTML and CSS. Developed responsive and user-friendly web interfaces with a focus on clean design and usability.

Python, *Infosys*

08/2024 – 09/2024

Coimbatore, Tamil Nadu

Completed a Python Foundation course from Infosys, gaining a strong understanding of core programming concepts such as data types, control structures, functions, and basic problem-solving techniques.

PROJECTS

Code-relay, *coding platform*

01/2026 – 02/2026

Developed a web-based platform that enables real-time code sharing and collaborative problem solving among users. Implemented features like live code editing, user authentication, and seamless communication to enhance team-based coding efficiency. Designed with a responsive front-end and optimized backend for smooth performance and scalability.

Learnova, *Learning website*

Developed *Learnova*, an online learning platform designed to provide structured educational content. Built responsive user interfaces using HTML and CSS, focusing on usability and smooth navigation.

INTERESTS

Reading — "I enjoy reading books that enhance my knowledge and broaden my perspective, especially in technology and personal development. I am also passionate about coding, where I continuously practice and improve my problem-solving skills by working on new challenges and projects."
